OFFICE OF THE PRESIDENT

March 2, 2026

Dear members of the AUB community,

We hope you are as well as possible under these circumstances. In light of the deterioration of events in Lebanon, the American University of Beirut will be closed today Monday March 2, 2026, except for essential services, in order to protect the safety of our community.

We will continue to monitor events and do all we can to care for our community and all who seek our support. As always, both AUBMC and KMC will remain open and prepared to provide life saving care.

Please exercise an abundance of caution and stay safe.

Best regards,

Fadlo R. Khuri, MD

President
