OFFICE OF THE REGISTRAR

March 31, 2026

Dear AUB Students and Faculty,

We hope this message finds you and your loved ones well and safe.

Thank you for your understanding during the last two days of precautionary measures. In the continued absence of any evidence of direct threats against our university, in-person exams and experiential learning activities, including labs, studios, and clinical rotations, will resume tomorrow, Wednesday, April 1.

Classes will continue to be offered synchronously online. Please follow the specific guidelines provided by your instructors for your courses.

We will keep monitoring the situation closely and share updates as they arise.

Kind regards,

Office of the Registrar
