AMERICAN UNIVERSITY OF BEIRUT

SULIMAN S. OLAYAN SCHOOL OF BUSINESS

ACADEMIC POSITIONS

in Business Analytics and Operations Management

DEADLINE: December 7, 2026

The **Suliman S. Olayan School of Business (OSB)** at the **American University of Beirut (AUB)** is inviting applications from outstanding candidates to fill positions in its **Business Information and Decision Systems (BIDS)** track. The positions are tenure-track, with priority for the Assistant Professor rank, in the following disciplines:

- **Business Analytics**
- **Operations Management**

The positions offer **benefits** including competitive salary, research funding and support, as well as housing subsidy, pension plan, schooling, and healthcare insurance plan.

OSB is one of the leading business schools in the MENA region, ranked #1 in Lebanon, #8 regionally, and #223 globally. It offers a vibrant academic environment that balances excellence in research, teaching, and service. Located in a state-of-the-art building overlooking the Mediterranean, OSB is part of the American University of Beirut (AUB), one of the Arab world's most prestigious universities. OSB was the first business school in Lebanon and the 100th worldwide to earn **AACSB** accreditation, and it also holds **EQUIS** accreditation and the **BSIS** label. In addition to its strong undergraduate, MBA, and specialized master's programs, OSB is launching a PhD program in Fall 2027-28.

Candidates will be joining an environment with engaging colleagues and outstanding students designed to balance excellence in research, teaching, and service.

We seek candidates who will advance research, teaching, and practice at the interface of analytics and business, or operations and business. By focusing on the research and application of analytics and operations, you will work at the leading edge of how these fields are transforming organizations. You will bring expertise in analytics and/or operations and connect it to the work of the Business Information and Decision Systems Track. We welcome candidates who have a broad, interdisciplinary interest in how data analytics and operations interact to drive business transformation.

QUALIFICATIONS

The successful candidate must have a Ph.D. (from an AACSB or equivalent accredited organization) completed by the start date of the appointment.

The candidate will also provide evidence of high-quality scholarly output or potential for independent research leading to peer assessed publications. In addition, the candidate must prove strong potential for outstanding teaching contributions at the undergraduate, graduate, and executive levels.

SUBMISSION FILE

- A current full Curriculum Vitae (including a list of publications), cover letter and other supporting documents should be uploaded online.
- At least one sample publication or work under review (or applicant's Ph.D. thesis proposal or completed thesis).
- A statement of current and prospective research interests.
- A statement of teaching interests and experience (including course outlines and evaluations, if available).
- A list of three referees.

APPLICATION FOR ACADEMIC POSITION ONLINE

Applications should be submitted by December 7, 2026. Candidates are encouraged to apply early; applications are considered on a rolling basis until the positions are filled.

AUB is an Equal Opportunity Employer.
